MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT: Telephone Intercept Policy

1. This memorandum is for information.

2. I talked to Mr. Harold F. Reis, Executive Assistant to the Attorney General, on the matter of coordination with the Department of Justice on telephone intercept policy. He said this probably would be handled by Mr. Howard P. Willens, First Assistant, Criminal Division, but that so far as we are concerned he thought there was not much of a problem and there was no particular urgency. At my request he will pass on to Mr. Willens, or whoever else may be assigned to this matter, that we are ready to talk to them at any time. This puts the ball in their own court, but I will put a one-month tickler on it.
